

One-to-One Local Support

Practical guidance, focused on individual needs.

Not every employee qualifies for a full Destination Services program, but every employee has questions. With GT Express, they start with a person instead of a platform: someone who can listen, offer advice and explain how things work in the city they are moving to.

With five hours of personalised support, employees have access to a dedicated local expert by phone, video, email or messaging, with in-person guidance also available.

A simple, flexible solution for those on limited benefits, outside standard relocation eligibility or in policy tiers that don't include Destination Services.

How GT Express works

A short introductory call identifies each employee's priorities. Support is then tailored to those needs – with a clear plan going forward and answers that fit their situation.

FINDING A HOME

Local guidance on neighbourhoods, property searches, viewings, applications and lease terms.

SETTLING IN

Practical help with utilities, banking, registration, healthcare, driving licences and everyday essentials.

GETTING ANSWERS

A knowledgeable local contact to answer questions, talk through options and help employees find their feet.

Support. Simplicity. Scale.

- ✓ **Support** – direct access to a dedicated Destination Consultant with the expertise to help employees make informed decisions.
- ✓ **Simplicity** – a straightforward, fixed-price service that adapts to any policy, program or type of move.
- ✓ **Scale** – a global footprint spanning 150+ cities in 50+ countries, built to handle every level of your mobile workforce.
